

Subject Highlights

Language Arts

We spent the first weeks learning classroom routines and reviewing essential ELA skills. We are currently annotating text and looking for key details to state the central idea of a story.

Social Studies

We just finished the stone age. Now, we are just starting mesopotamia. We use the G.R.A.P.E.S to analyze each ancient civilization.

Math

We are finishing up working on area of parallelograms and triangles. Next up is working on surface area of 3D figures and creating nets by unfolding these objects.

Science

We worked hard on reviewing the scientific method and gathering data. Next we will be working on the different states of matter.
