

Virtual GI care from the comfort of anywhere

Access network health support for gastrointestinal conditions.

Get convenient care from expert clinicians

Personalized support is available to help manage digestive issues such as:

- Inflammatory bowel disease (IBD)
- Crohn's disease
- Ulcerative colitis
- Gastroesophageal reflux disease (GERD)

Why see a GI specialist virtually?

Receive comprehensive, ongoing support from a virtual team that includes a gastroenterology care provider – a specialist who helps manage gastrointestinal (GI) conditions. Virtual specialty care offers:

- **Quicker access to care** – Virtual specialty visits are available within days – sometimes immediately – 7 days and evenings a week
- **One dedicated care team** – Receive GI support from a group of specialists (including a behavioral health provider and dietician) working together to treat related needs
- **Virtual appointments and chat** – Where available, conveniently meet and message with your care team

Virtual specialty care is also available for:

- Dermatology needs
- Migraines
- Sleep apnea
- Speech therapy
- Women's health conditions
