

Welcome to Preschool

Hello my name is missus Gluck and I will be your child's teacher this year. I was born and raised in phoenix AZ. This is my 3rd year being a lead teacher in a pre-K class and I am excited to work with your child. I have nine years of experience in the preschool setting, five years teaching music and movement, a little over two years being a teacher assistant, and one year as a one-on-one aid with a student. I was also a lead teacher in a 2 year old room for a short time before doing my student teaching and graduating from Grand Canyon University.

Some fun facts about me is I have been married for 16 years to a wonderful man named Brian and we have three boys, Tyler 16, Alex 14, and Abraham 11. Each one of my boys have different learning maps (Disorders). I love finding out how each child learns so I can teach in a way that is best for them.

Special needs preschool has two sessions: the AM session is from 7:25 AM -10:00 AM and the PM session is from 11:00 PM- 1:30 PM. Both sessions have **NO SCHOOL ON WEDNESDAYS.** In the classroom we have Occupational therapist- Angie Talamantes , physical therapist- Chris Jackson, speech therapist- Nicole Dariotis, that come to visit the classroom to work with students that qualify for their services. We also have two assistants Karen and Thaysha, that will be helping with the students and various tasks around the classroom.

Favorites

my favorite colors are green and teal.

I love all creatures.

sweet tea/coffee

gift cards

The Classroom Needs

Zip lock bags- gallon is used most

Tissues

disinfectant wipes (not bleach)

medium size latex **free** gloves

Please include these items in your child's backpack

A full change of clothes in a **gallon zip lock bag**

If they are not potty trained diapers and wipes

Please do not bring any toys to school. If a toy is needed to smooth out transitions in the beginning, we can discuss this and then we can work
