Purpose of Site Council – presentation

Our vision and purpose are to work collaboratively with the school principal, local community members including parents, and with classified and certified staff on campus. We examine school and student performance data and develop strategies and programs to support the 90 Day Plan of Continuous Improvement that will assure student performance. We communicate school and student performance to the school's stakeholders and approve the appropriate expenditure of non-designated tax credit donations.

CIP Indicators – 90 Day Plan

- 2.3 Based on all available student data, teachers intentionally plan instruction that supports every student in meeting rigorous learning goals by differentiating instruction and implementing Universal Design for Learning.
- 5.2 Our staff creates an environment which builds mutual respect among leadership, teachers, students, and families.
- 6.1 Our school creates and maintains positive collaborative partnerships among families, communities, and school to support student learning.
